

Dräger Combitox Nova Half masks

The single-filter half masks Combitox Nova are very comfortable to wear and offer an excellent fit. This is achieved by combining a hard plastic shell to hold the straps with a very soft mask body.

Rd91 Silicone

ST-408-2003

Dräger Combitox Nova
RA TPE

A soft harness with convenient straps and reliable neck hooks enables ultimate comfort without hardly any pressure as well as quick and easy donning and doffing. Furthermore, these straps – made of neoprene - can easily be cleaned. By undoing the neck hook, the mask can be removed without removing e.g. a safety helmet (“drop down”). The exhalation valve underneath the chin flushes warm air and liquids out of the masks – keeping your face cool, even when working hard.

Choose your Combitox Nova from two different, very comfortable materials: TPE for normal skin or silicone for sensitive skin. The silicone version of the mask is available in two sizes to ensure a perfect fit for a wide range of different face shapes.

Two different filter connections are available: Rd40 acc. to EN 148-1 and Rd91 (Dräger-specific). A full range of Dräger Safety particle, gas, and combination filters is offered for your various applications.

Benefits:

1. Very comfortable to wear
2. Optimized strap system for ultimate comfort
3. Excellent fit
4. Free of paint affecting substances (TPE version)
5. Easy maintenance
6. Two mask sizes, two different filter connections
7. Wide range of filters

Dräger Combitox Nova – another quality product from Dräger Safety.

TECHNICAL DATA

Mask body:	silicone (navy blue) or TPE (greyish blue) additional robust PP plastic shell (sky blue)	
Sizes:	Silicone:	small/medium (s/m) or medium/large (m/l)
	TPE:	universal size
Filter connection:	Rd40 (RA) standard thread connection acc. to EN 148-1 (Combitox Nova RA) Rd91 Dräger-specific connection (Combitox Nova Rd91)	
Weight:	Combitox Nova RA:	160 g
	Combitox Nova Rd91:	180 g
Harness:	2-point flexible & robust neoprene (CR/NR) straps with head harness made of PU, “drop down”-option	
Approvals:	CE-certified (EN 140), Australian Standard AS/NZS 1716, Niosh 42 CFR 84 (only RA silicone versions)	
Maintenance/repair:	Spare parts available
